What began as a pilot in 2022 has grown into something truly special.

As part of the SG60 celebrations, we are proud to launch the 5th edition of Youth Connections 2025 today at \*SCAPE - now reaching over 100 students! For the first time, we are excited to welcome students from [Temasek Polytechnic | School of Business](#), joining our very own [Singapore Polytechnic](#) students in this meaningful journey.

At the heart of this programme lies a simple yet powerful focus: Connections

In a world where youths are navigating uncertainty, pressure and big questions about identity and purpose, sometimes all it takes is a conversation with someone who has walked the path before to spark clarity, courage and confidence.

Through authentic conversations with their Connectors, our students gain exposure to diverse industries, professions and real-world career journeys. They hear authentic stories of success, setbacks and turning points from business leaders who have walked the path before them. These conversations help them feel heard, explore new possibilities and build confidence in their next steps.

We are deeply grateful to the 50+ amazing Connectors who gave their time so generously - many of whom have journeyed with us through past editions of Youth Connections. Your stories, presence and support have made a difference, encouraging our youths and helping them believe in themselves.

To our students: May these connections spark courage and clarity as you dream forward.

To our Connectors: Thank you for being the spark, the guide and the cheerleader.

Until we meet again in mid Dec for our closing, may you have many more meaningful conversations.

A heartfelt shoutout to [Jean Tan](#), [Choy Mun Kit](#), [MSc, BSc \(Hons\)](#), [Odelia sharmila](#) and their team at [Singapore Business Federation \(SBF\) Foundation](#), [Andy Lim](#), [Genevieve](#)

Ho and their team at **Halogen (Singapore)**, **Evelynn Koh**, Johnny Ong, **Muhammad Syafiq Sahrom** and many other colleagues in SP - Thank you for making this possible for our students!

Let us continue to guide our youths to feel confident and supported as they take their next steps - through every connection and conversation.

**#SingaporePolytechnic #YouthConnections #SBFF #SG60 #YouthEmpowerment**

You and 40 others
